WELL KEPT WALLET'S FOUNDER:

DEACON HAYES

In early 2013 I quit my day job to start my own business. I have a heart for those who don't necessarily have the tools and resources to be successful with money; I enjoy the opportunity to meet with people from all walks of life to help them achieve their financial goals. I also speak to share our story as well as I teach classes to equip people to manage their finances well.

I have had the privilege of being featured in many news publications including Yahoo Finance, US News & World Report, CNN Money and more.

Why I Wrote YOU CAN RETIRE EARLY:

In this book I outline multiple ways to achieve Financial Independence so that you can retire early and live the life you want to live.

I use real stories, as well as some practical examples of how people have retired early through investing in the stock market, real estate, starting a business, and more.
